Mail Stop AMENDMENT
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Below is a summary of an interview with Examiner YEAGLEY, the examiner of the above identified patent application, that was conducted on July 19, 2005, one week ago:

The undersigned called the Examiner and the Examiner returned the undersigned's call on July 19, 2005. The undersigned asked why no Notice of Abandonment had been sent and asked whether it was acceptable to transmit the Response, RCE and Petition to Revive, even though the Notice of Abandonment had not been sent.

The Examiner explained that he had not reached the file yet, but in view of the undersigned's concerns would take up the case in the next day or two. The Examiner asked the undersigned should not send his Petition to Revive before the Notice of Abandonment was mailed since this would confuse the PTO records.
